

Ultrafast broadband available now from just £1 a month*!

Dear resident,

We're writing to let you know that you can now get connected to YouFibre broadband at this property, with **ultrafast speeds of up to 1,000Mbps available from just £1 a month*!**

What makes us different?

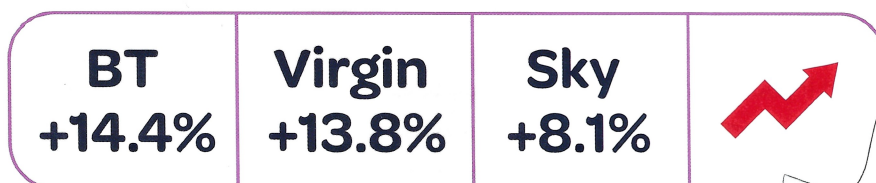

Brought directly to you via a brand-new Fibre To The Premises (FTTP) infrastructure, YouFibre is one of the UK's fastest growing independent broadband providers, delivering ultrafast speeds using the latest full fibre technology.

Have you been hit by recent price hikes?

The UK's largest independent broadband news and information site ThinkBroadband.com, has recently listed all the broadband providers who will be adding price hikes of up to 15% to customers' bills this Spring[^]. Is your current provider listed?

At YouFibre, we're delighted to say that we won't be announcing any 2023 price rises for customers in contract with us.

Stuck in a contract, but want to switch?

Even if you are currently contracted to another broadband supplier, we could be able to help you switch today to a faster, more affordable broadband tariff. Call us today to speak to our helpful, friendly team.

*For the first 3 months and then £29.99 thereafter for the remainder of the 24 month contract on our YouFibre 1000 package. Terms and conditions apply. See www.youfibre.com for details.

**1,000 Mbps speed is not achievable by a single device over Wi-Fi. For this speed a wired connection is required. UK average speeds in the Ofcom data report on UK average speeds published in March 2022. https://www.ofcom.org.uk/_data/assets/pdf_file/0015/244140/home-broadband-report-2022.pdf
